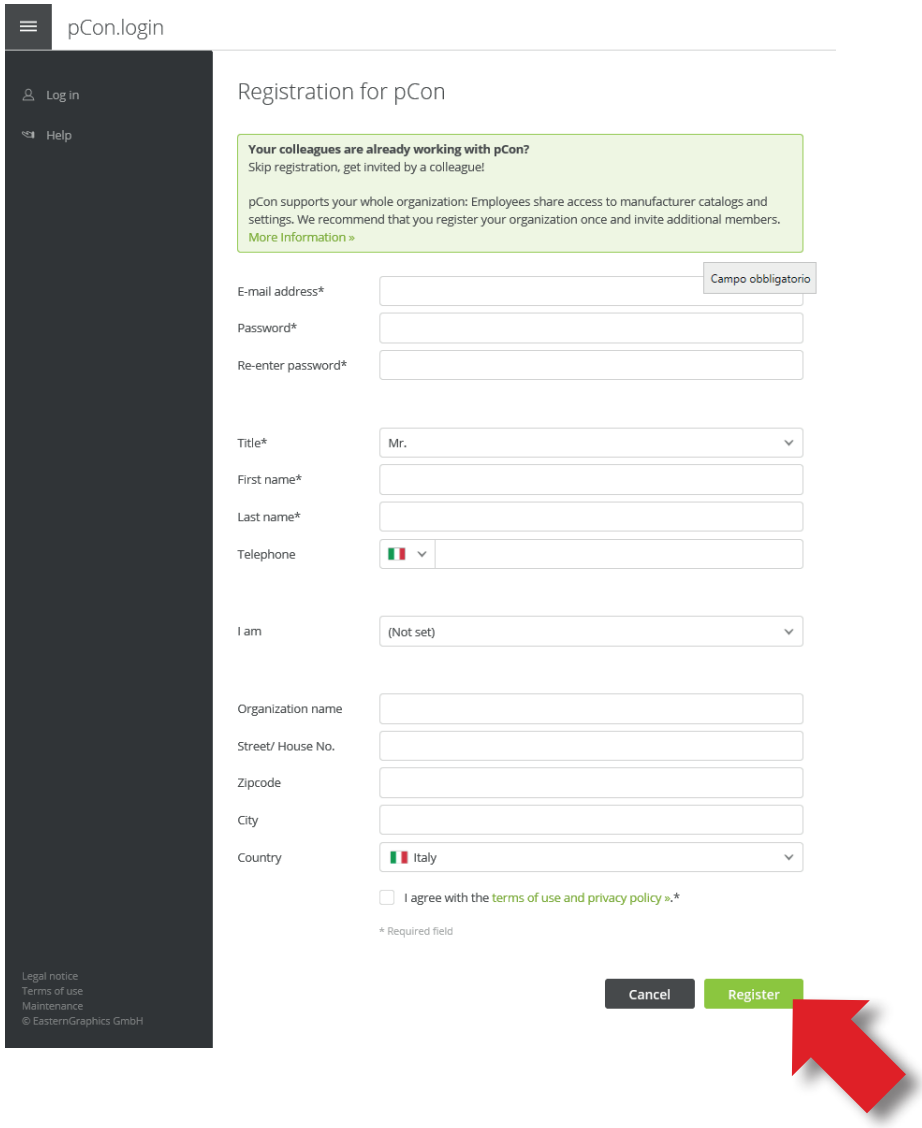
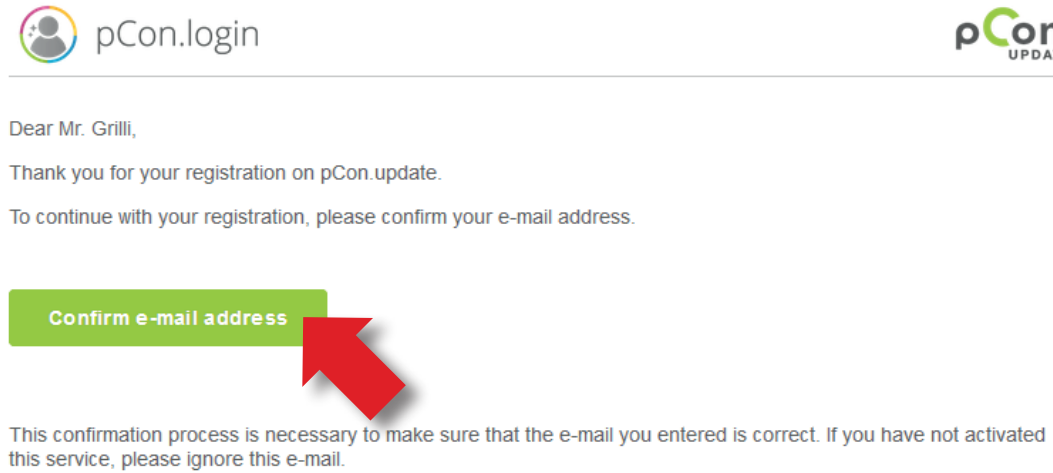
- Click **Register**

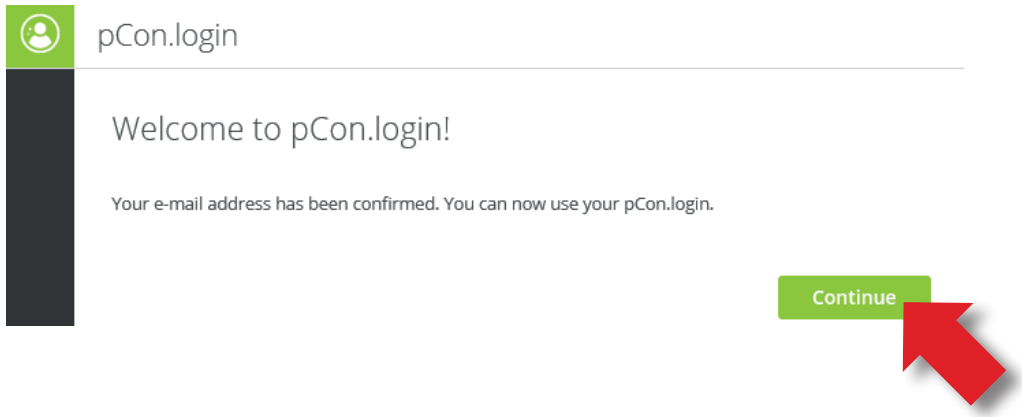
- One registration per company
- Remember your Username and Password



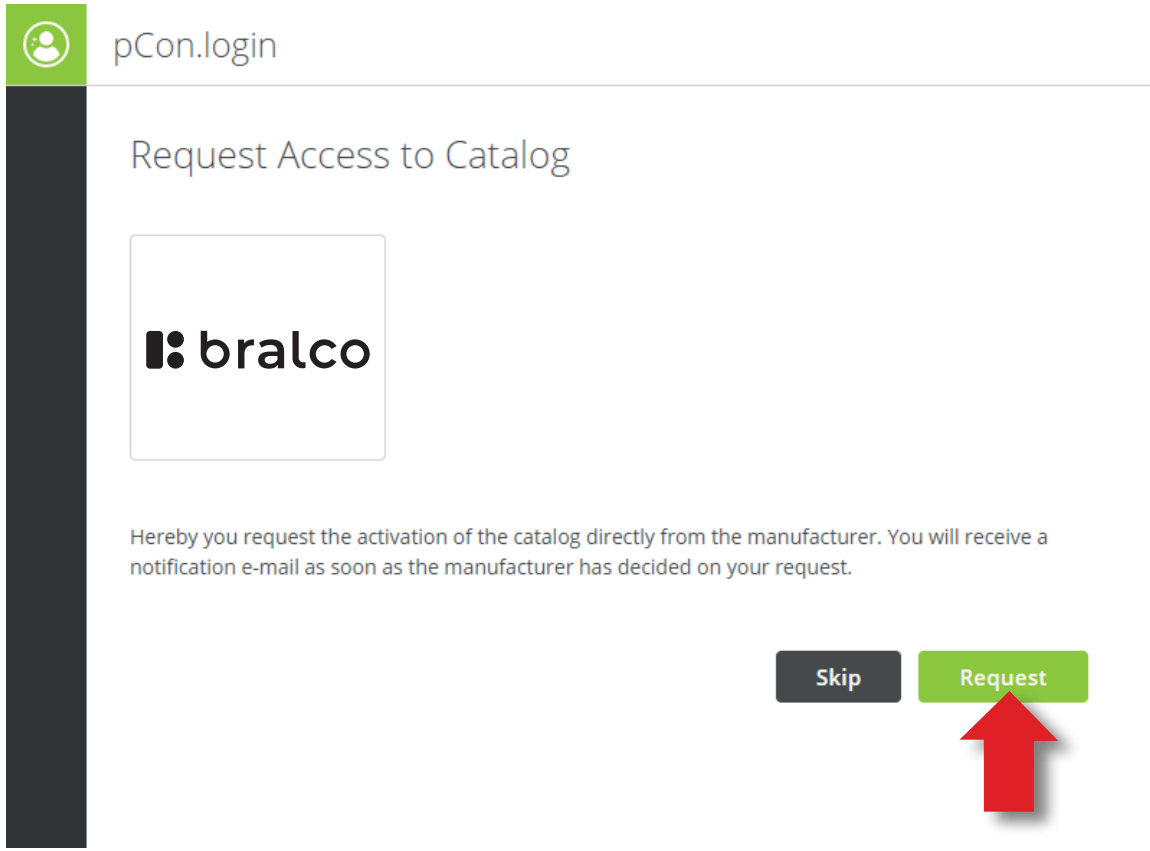
- You'll receive an email with a **link to confirm your email address - Click on it**
  - If you don't receive it after some minutes control the spam folder



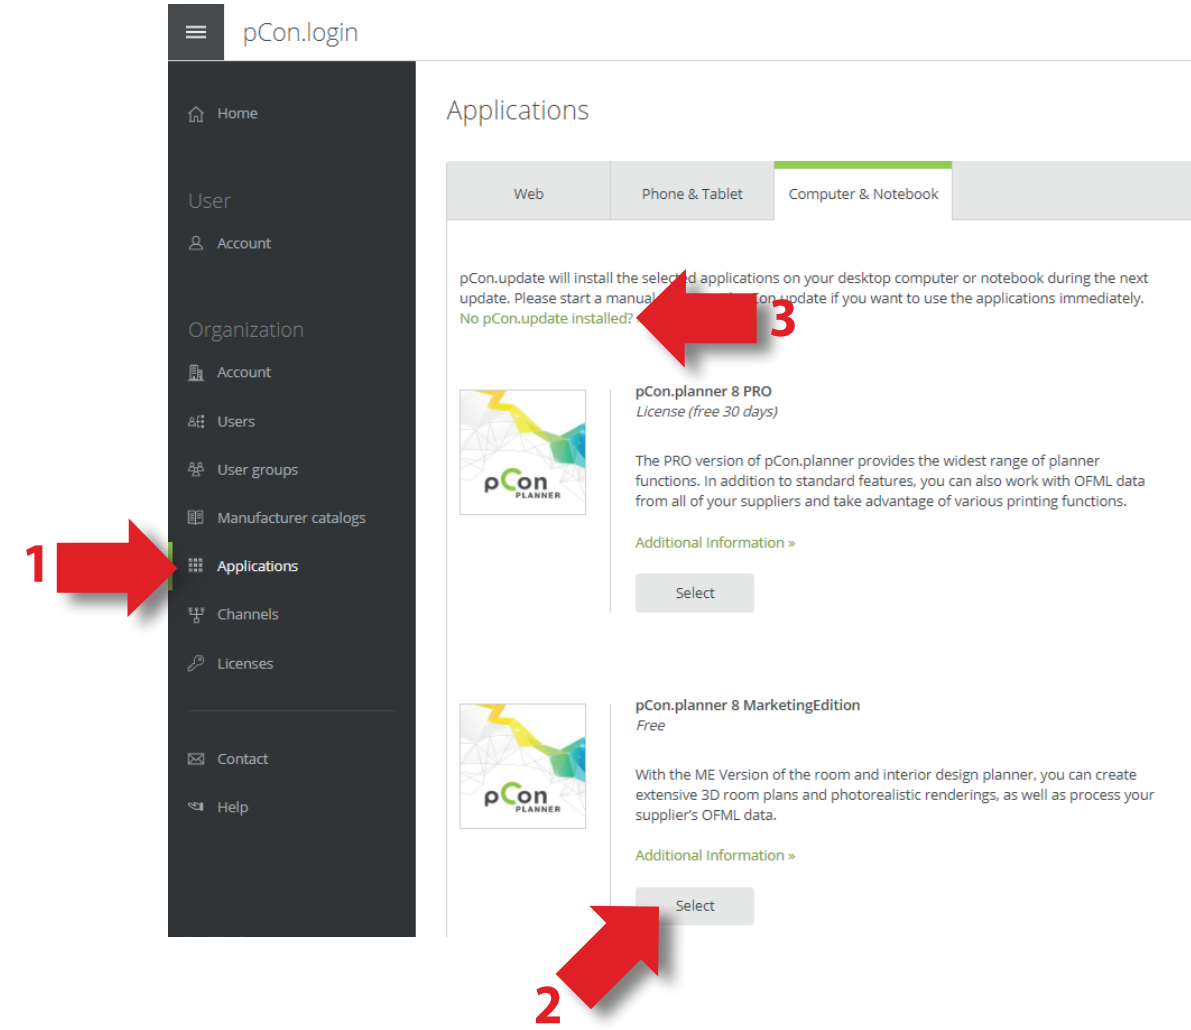
- You'll be redirected to the pCon.login portal
- Click on **Continue**



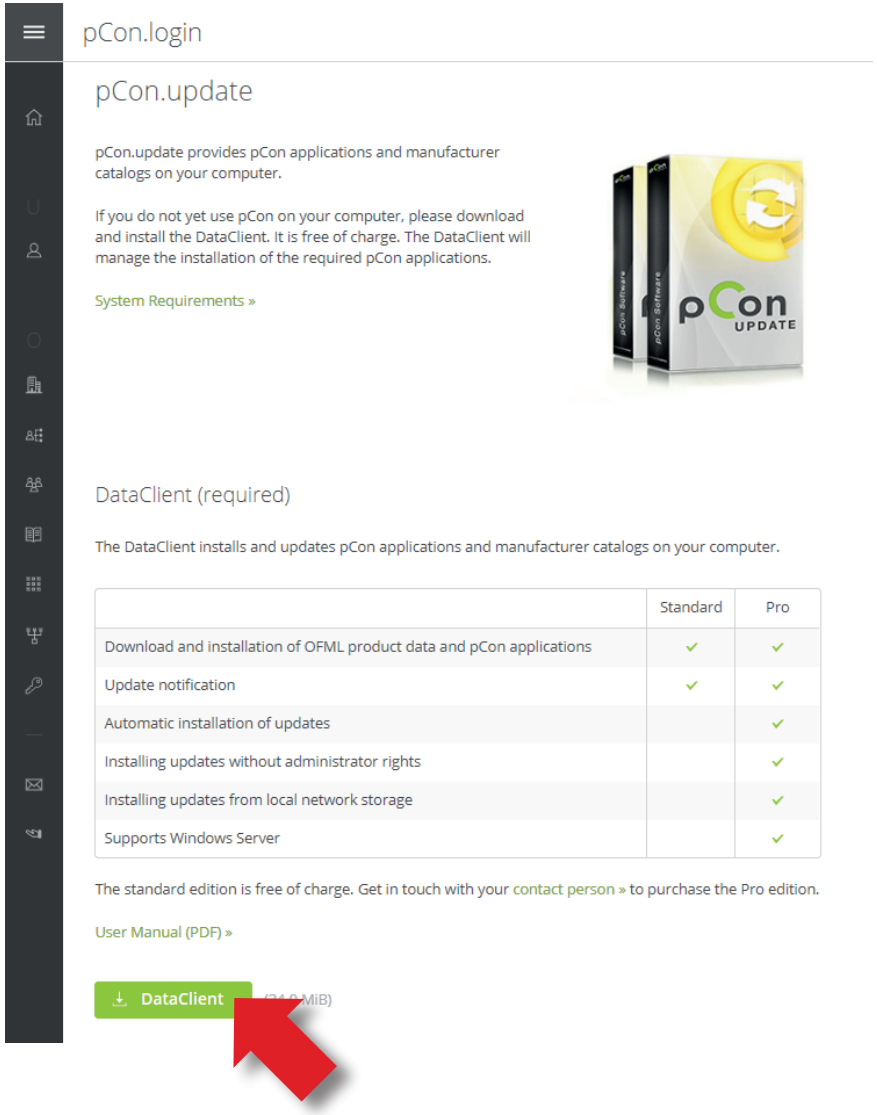
- Once the registration is confirmed, you can request data
- Click on **Request**
- Generally the requests are approved within 24 hours



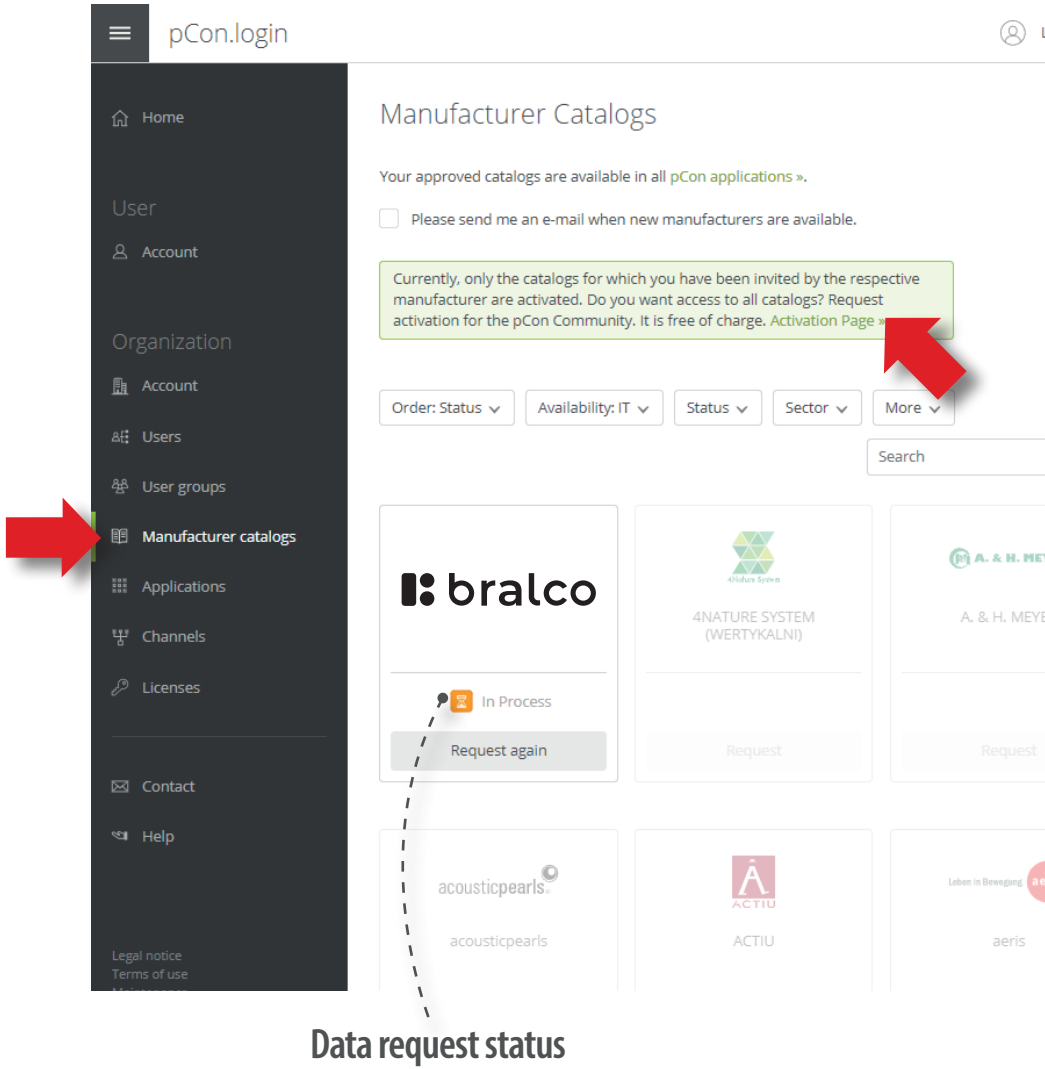
- In the side menu click on **Applications**
- Click **Select** in **pCon.planner MarketingEdition**
  - It's free
  - Necessary for using configurable data offline
  - For other offline applications a license is required
- Click on **No pCon update installed**?



- Download **pCon.update DataClient**
  - Click on the **Download** link
  - It will maintain your data, and all pCon offline applications, always up to date

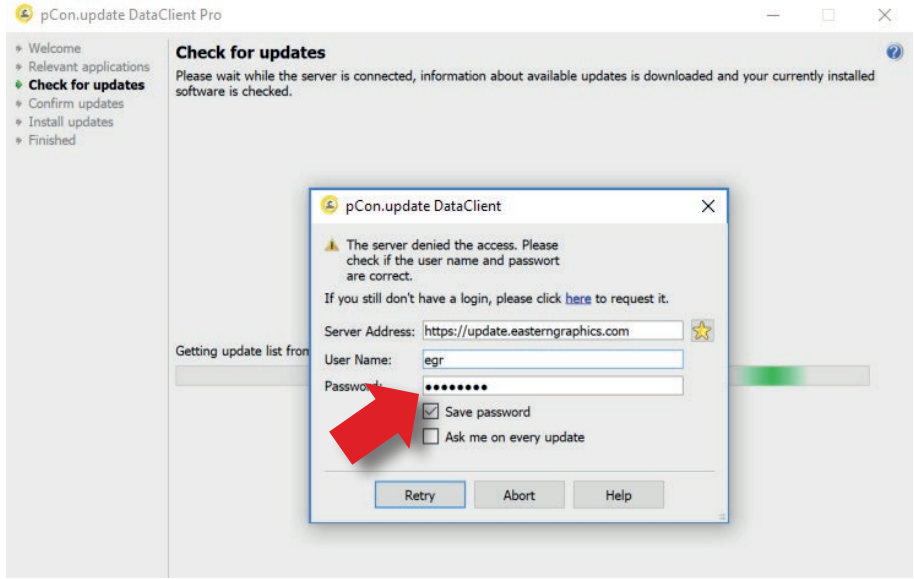


- In the **Manufacturer catalogs** menu you can check the **status** of the data request
- To complete the registration to the pCon community, click on **Activation Page**
- In the new window, **check that the data is correct** and click on Request
- You will receive an email with the approval usually within 24 hours

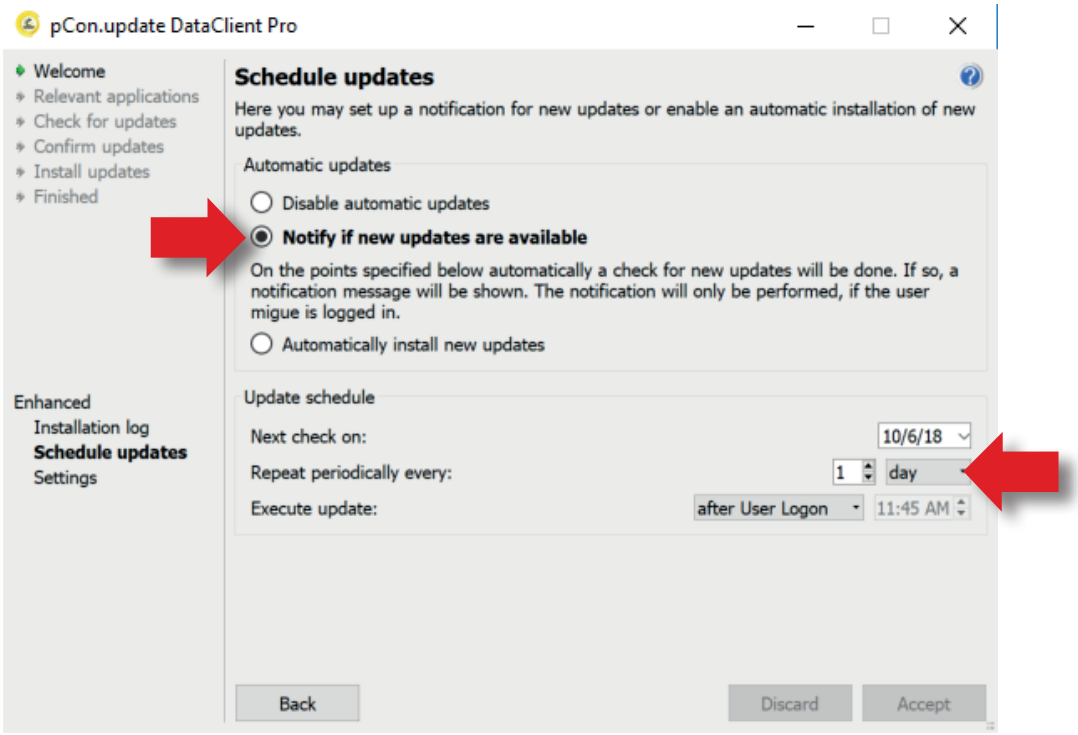


- Install the DataClient, following the installation wizard

- After the installation is concluded, **run the DataClient** and follow the setting wizard
- When requested, insert your **pCon.login account credentials**
- Check on **Save password** and **click OK**



- Click on **Schedule updates** on the left menu
- Select the following options
  - **Notify if new updates are available**
  - **Repeat periodically every:** to 'day'
  - **Execute update** to 'after User Logon'
- You'll receive an automatic notification when new updates are available



- Now you'll have to wait for the manufacturer to approve the data access
- Usually it happens within 24 hours
- When you receive the confirmation email continue with this guide

pCon UPDATE

Dear Sir or Madam,

EasternGraphics - Kitchen Library has shared its catalog with you.

You are now free to use the EasternGraphics - Kitchen Library catalog in all pCon applications and services (e.g. pCon.box, pCon.facts). You can also download the catalog with the pCon.update DataClient to use it in the pCon.planner.

Best regards,
Your pCon.login team

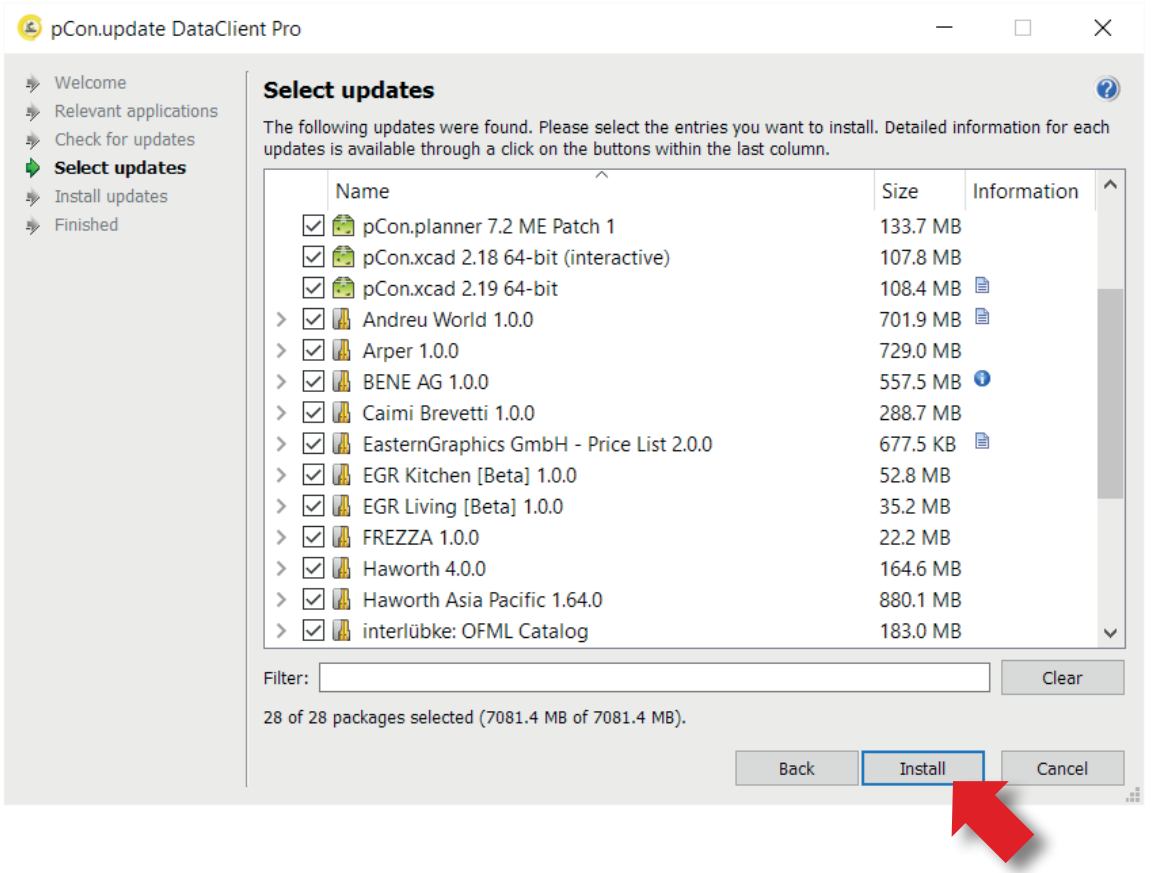
- Start pCon.update DataClient
  - Click **Next** on the following two windows to force a control of what data is available to update
  - You'll see a list with the applications and data
- Click **Install** to start the download and installation process



It's necessary to have **pCon.planner ME or PRO** installed to use **configurable data.** The STD version available on the pCon.planner web site does not recognize configurable data.

- You are now ready to **invite other members of your organization** to join your organization's pCon.login account
- pCon.login allows you to manage your company users, request configurable data, manage software licenses and much more
